Commends The Tea For The Red Cross

For The Red Cross

"Everyone knows the work carried on by the Red Cross society and how it ministers to the needs of the wounded on the battleffeld and aids in every possible way in works of mercy among the distressed," said Mrs. Charles R. Stevene, the new president of the Woman's club.

"Because the work of this splendid organization is so well known, it is only a natural consequence that everyone should most enthusiantically endorse it in every way and show their endorsement by generous contributions. Therefore I am sure that the ten, to be given by Mrs. J. H. Nations on Wednesday, for the benefit of the Red Cross society, will be endorsed by the general public, through their large attendance and generous contributions."

many houses, even far in the inexpensive convenience, that I often wonder why more women do not make use of it as a beauty treatment. Electrie vibrator sets are not very expensive, and cost practically nothing to

sive, and cost practically nothing to run. And they are wonderful for beauty treatment assiruluets shulltuning ity treating and in other ways as well. For instance, the hair can be greatly improved by using the vibrator on it twies or three times a week. The scalp should be rubbed with a good hair tonic first, then the rubber prunged disc put in the vibrator and the sculp massaged thoroughly with this for is or 10 minutes. The motion is first a rotary one, from the top of the head, running in gradually larger circles till the whole scalp is covered. Then the disc is run from the ends of the scalp towards the center, and finally, it is rubbed up and down the neck and the top of the spine, to induce a greater flow of healthy blood into the hair. The life that is imparted to the hair, the sheer and gloss of the hair after a few such treatments show what re-
